**EXAMINER INTERVIEW SUMMARY, RESPONSE
TO ADVISORY ACTION MAILED APRIL 8, 2005, AND REQUEST FOR
RECONSIDERATION OF RULE 131 DECLARATIONS AND EXHIBITS A-F**

Dear Sir:

In response to the Advisory Action mailed on April 8, 2005 and the Examiner Interview on April 26, 2005, the Applicants submit the following Examiner Interview Summary and Remarks. Specifically, as discussed in detail below, the Applicants respectfully request reconsideration of the previously submitted Rule 131 Declarations and associated Exhibits A-F in view of M.P.E.P. § 715.07 and specific references to a USB wireless antenna dongle in the various Exhibits. For the Examiner's convenience, the Applicants have included a copy of these previously filed Rule 131 Declarations and Exhibits A-F, which have been annotated to include exhibit headings. In view of the following Examiner Interview Summary and Remarks, the Applicants stress that these Rule 131 Declarations and associated Exhibits A-F provide clear evidence that the Applicants invented the claimed subject matter prior to the effective dates of the Fuhr and Dahlberg et al. references.
